Dear Members of the Library Arts Center Creative Community,

**The Arts are ALIVE at the Library Arts Center!** The energy of our 50<sup>th</sup> Anniversary celebrations created tremendous momentum to launch the Arts Center into the next 50 years as a vital, thriving artistic center in the community, with a vision for meaningful and sustainable growth.

New programs such as the film series and the *Three Bridges Concert Series* have taken root, engaging larger and more diverse audiences. **Creative Placemaking**, a national movement to bring arts programming into communities on a large, inclusive scale, is energizing the Arts Center in new and exciting ways. We created community art installations including *Fish Sticks*, a large-scale community mosaic and at least 100 lbs. of *Kindness Rocks* at the Farmers' Market!

The Arts Center's program development and implementation operate on an incredibly small budget thanks to the involvement of so many dedicated community members who volunteer their time, talent and resources.

**We invite you to partner with us and show your support by renewing your membership or becoming a new member of the Library Arts Center.**

Each and every gift makes an impact, allowing us to offer exceptional art programs, classes, performances and exhibits ensuring that art opportunities are available for *all* in our community and the greater region.

Thank you for considering being a valued member and contributor in the Library Arts Center's creative community. We are grateful for your support!

Sincerely,

Kate N. Luppold, *Executive Director*

PS - **Please find enclosed a brochure** that shows of a variety of ways to contribute to the Library Arts Center's thriving artistic community with your time, talents, and resources. **We are grateful for your support!**
