Dear Members of the Library Arts Center Community,

Our annual membership drive is underway! Are you a community member who enjoys having a thriving arts community, an artist, or a family enjoying our year-round arts programs for children and families? Are you a student in our studio arts programs, or do you enjoy our major community events such as the Apple Pie Crafts Fair, Gallery of Gifts, or the famed Peeps Diorama Contest? However you connect with this nonprofit, know that this is *your* community arts center. Annual Membership is one way we can all engage with the Library Arts Center to ensure it continues providing these arts programs that strengthen our community. It is the constant involvement and support of community members such as yourself that allows us to create all these robust community arts programs.

Our newest community arts program is a five-year plan to bring sizable murals to Newport's historic downtown each year of the plan. Last year brought the vintage postcard-style "Welcome to Newport" mural to Sunapee Street. This year we have embarked on an ambitious project to bring 14 murals to Korn Alley off Main Street by Spring 2025. Your membership can help make this happen! **We are excited to announce that we have a donor ready to match each membership donation through the end of this year, for a total up to \$5,000.** This match will directly support paying artist fees and mural supplies for this new public arts endeavor. And get this—while all membership renewals will be matched, new members joining for the first time will have their donations **matched twice!** With this match offer, your gift will both support all our programming, as well as make this incredible mural project possible.

Our annual membership drive is one of the simplest and most impactful ways you can support and be part of this organization. Please consider becoming a member or renewing your membership so together we can keep making so much possible in the year ahead.

My very best,

Kate N. Luppold
Executive Director
